

Guardian

Fencing | Tree Guards | Privacy Panels

NEW FOR 2019

Guardian fencing, tree guards and privacy panels define and protect spaces and allow you to create a beautiful patio or streetscape.

GTS853POST and GTS856PNL — Shown in textured bronze.

Guardian Collection products can be customized to your desired configuration.

- 20-year limited structural warranty with 7-year finish warranty against fading
- Heavy-gauge steel construction
- Fade-resistant, powder coated steel features a state-of-the-art primer proven to prevent rusting
- Fencing and privacy panels are available in the Stix pattern — a unique perforated tree line pattern
- Tree guard panels are available in two styles: Stix or Classic — for a timeless look
- Modular design makes it easy to replace panels and refresh your look
- Multiple fence components are required to create a complete fencing system; posts, gates and decorative panels sold separately
- Includes stainless steel assembly hardware; fence posts also include junction caps

- Fence gates come preassembled with hinge and stainless steel gate latch
- Posts are for inground installation and must be mounted in concrete that extends below the frost line
- Modular, scalable design is available in custom configurations; call or email for details
- Manufactured in the U.S.

• Assembly required. Height will vary based on installation depth.

Available in colors shown at anovafurnishings.com/guardian.
