C1062—Victory 6' Perforated Steel Custom Bench, Traditional Edge, Surface Mount

6' bench with perforated steel seat/back, custom laser-cut message, traditional edge seat and surface mount legs

Material

The 6' bench seat and back is composed of 12-gauge perforated steel with a .56 diameter uniform hole pattern and features a traditional seat edge with rounded corners for safety. Custom message is laser cut into the metal with choice of Helvetica font in 3" or 5" height or Palatino font in 5" height. The bench seat is 72.25" long and will support 200 lbs. per linear foot.

The bench legs are made of 2.38" O.D. steel tubing and feature an 8" square plate with .50" pre-drilled holes for surface mounting. Mounting hardware not included.

Finish

Steel seat and back is protected by the patented Fusion Advantage™ finish. The plastisol coating has an average thickness of .125" and is encapsulated with a richly tinted, high performance powder coating that won't rust, fade, peel, chip, crack, mold or mildew. The finish has been tested to the requirements of ASTM E1354 and determined to be compliant with California Uniform Fire Code 1103.2.1.4.2.

Fade-resistant, powder coated legs and under supports feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Color

See website or sales representative for color choices.

Assembly

Some assembly is required. Stainless steel assembly hardware is included. Mounting hardware must be purchased locally.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.

Warranty

20-year limited structural warranty with 7-year finish warranty from the date of purchase. See full details on multi-year warranties for components at www.anovafurnishings.com/warranty.aspx.
