ULTRA RECEPTACLE

32-gallon expanded steel receptacle with liner

Material

The 32-gallon receptacle body is made of 3/4 #9 expanded steel with a diamond pattern. The receptacle is protected by Fusion Advantage™, a plastisol coating with an average .125" thickness and a high-gloss powder coat. The receptacle includes a reusable plastic liner made of high-density polyethylene.

Options and Accessories

Optional tops and mounting kits for various applications are available.

Finish

Fusion Advantage is a heat fused plastisol coating that creates an impervious rustproof barrier and resists UV deterioration, mildew, staining and fading.

The finish has been tested to the requirements of ASTM E1354 and is determined to be in compliance with California Uniform Fire Code 1103.2.1.4.2.

Color

See website or sales representative for color choices.

Assembly

Mounting options require some assembly, if purchased.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum based products.

Warranty

20-year limited structural warranty with 7-year finish warranty from the date of purchase. See full details on multi-year warranties for components at www.anovafurnishings.com/warranty.aspx.
