

RT3000COMR — Signature Recycler with Powder Coated Steel and Graphic Design Panels

40-gallon recycler with aluminum corner posts, 2 steel and 2 graphic design panels, steel contour top and plastic liner

Material

The 40-gallon recycler is 38.50" tall and constructed using aluminum corner posts with two 14-gauge, perforated steel side panels with a .5" square perforated design and two graphic design side panels. Graphic panels are composed of an image printed on vinyl with UV-resistant inks, then laminated to .12" thick styrene. The customer may choose from a selection of images that have already been developed or submit their own artwork to create their own design.

The contour top is constructed of galvanized spun steel and has a 5" diameter center top opening for easy drop-in recycling disposal. The customer has a choice of "CANS ONLY", "PLASTIC ONLY", "GLASS ONLY" or "PAPER ONLY" decals, along with the recycling symbol decals. The recycle lettering and graphics are available in black or white depending on the top color chosen. The top is secured to the receptacle body with two 8" braided nylon straps. The top lifts off for easy emptying.

The receptacle is designed to be portable for flexibility in placement or surface mounted to prevent movement; optional surface mount kits are available. The legs have rubber feet to protect the floor or supporting surface. The recycler includes a reusable plastic liner made of black high-density polyethylene.

Finish

Fade-resistant, powder coated steel top, steel side panels and black aluminum corner posts feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources. Aluminum corner posts also available in anodized aluminum.

Color

See website or sales representative for color choices.

Assembly

The recycler ships fully assembled and ready for use. Using the optional hold down kit may require some assembly.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.

Warranty

20-year limited structural warranty with 7-year finish warranty against fading from the date of purchase. See full details on multi-year warranties for components at www.anovafurnishings.com/warranty.aspx.

Replacement Parts
