

RT3001 — Signature 40-Gallon Trash Receptacle with Stainless Steel Panels

40-gallon trash receptacle with aluminum corner posts, stainless steel panels, steel contour top and plastic liner

Material

The 40-gallon receptacle is 38" tall and constructed using aluminum corner posts with 14-gauge, perforated, stainless steel side panels. The panels have a .5" square perforated design.

The contour top is constructed of galvanized spun steel with an 11.88" diameter center top opening for easy drop-in trash disposal and is secured to the receptacle body with two 8" braided nylon straps. The top lifts off for easy emptying.

The receptacle is designed to be portable for flexibility in placement or surface mounted to prevent movement; optional surface mount kits are available. The legs have rubber feet to protect the floor or supporting surface. The receptacle includes a reusable plastic liner made of black high-density polyethylene.

Finish

Fade-resistant, powder coated steel top and black aluminum corner posts feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources. Aluminum corner posts also available in anodized aluminum.

Color

See website or sales representative for color choices.

Assembly

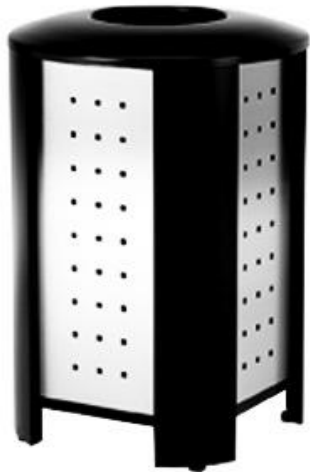

The receptacle ships fully assembled and ready for use. Using the optional hold down kit may require some assembly.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.

Warranty

20-year limited structural warranty with 7-year finish warranty against fading from the date of purchase. See full details on multi-year warranties for components at www.anovafurnishings.com/warranty.aspx.

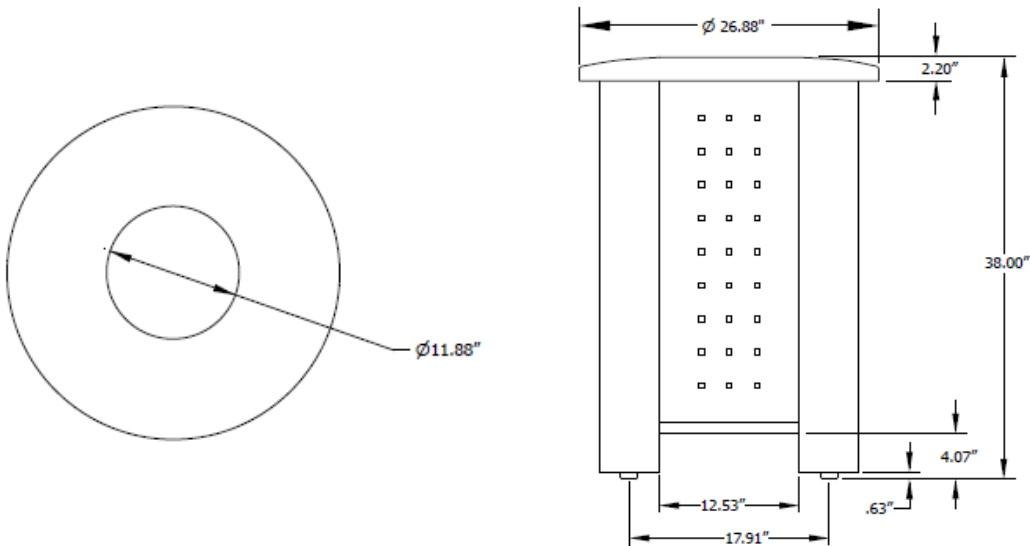

Replacement Parts
